Gentlemen:

Argentine Patent Application Nº 221.199
Your Ref: 582-534-Argentina-Our 5497-(5947)

We communicate that the above application has been the object of the following report:

"The title and preambles of the main and secondary claims must be made uniform".

So as to overcome the Examiner's objections related to the title of the invention, we propose the following wording for same: "A cigarette wrapping or similar and the cigarette including said wrapping".

Furthermore, so as to unify the preambles, we suggest tenumbering present claim 2 as claim 3, and claim 3 would be then claim 2. We also propose to cancel present claim 4, inasmuch as same is exactly the same as present claim 3, the only difference residing in the preamble of same. In this connection, we find that the cigarette containing the wrapping defined in claim 1, is already protected by claim 3. Therefore, the exclusion of present claim 4 is justified.

The term for answering said official report falls due on May 5, 1970. Therefore, we await your instructions in advance of said date.

Very truly yours,
OBLIGADO & CIA.LDA.
